

TALAL SHAMOUT

Hamilton, ON · 289-707-2674 · mhd.talal.shamout@gmail.com · [Portfolio](#)

SUMMARY

.NET Full Stack Developer with 4+ years of experience shipping web applications and internal business tools in C#, ASP.NET, Blazor, and SQL Server. Strong at translating business requirements into clean, testable code and designing the database layer to back it.

TECHNICAL SKILLS

- **Languages & Frameworks:** C#, .NET / .NET Core, ASP.NET MVC, Blazor, Java, JavaScript, TypeScript, PHP
- **Front End:** Vue.js, React.js, Syncfusion, HTML5, CSS3, Bootstrap, jQuery
- **Databases:** SQL Server (SSMS), MySQL, SQLite — stored procedures, views, indexes, schema design
- **Tools & Practices:** Git, Node.js, Scrum / Agile, unit testing, debugging, CI deployment
- **Languages:** English (professional working proficiency), Arabic (native)

WORK EXPERIENCE

.NET Full Stack Developer

Apr 2025 – Present

Expiration Reminder — Kitchener, ON (Remote)

- Develop and maintain full-stack features for the Expiration Reminder platform using .NET, ASP.NET MVC, Blazor, and SQL Server
- Build interactive, data-rich UI components with Syncfusion controls, improving usability for tracking expirations, renewals, and compliance items
- Design and optimize SQL Server schemas, stored procedures, and queries to support reporting and customer-facing features
- Collaborate with the product team to translate business requirements into clean, testable C# code and deliver releases on schedule

Software Developer

Mar 2022 – Mar 2025

Rosa Flora Limited — Dunnville, ON

- Developed, tested, and deployed internal business applications using Vue.js, TypeScript, ASP.NET, and SQL Server (SSMS)
- Designed and maintained database objects — tables, indexes, views, users, and roles — across production, staging, and development environments
- Authored and optimized stored procedures to support reporting, automation, and day-to-day operational workflows
- Partnered with operations and management to identify process gaps and ship targeted tools that reduced manual effort

Junior Software Developer

Sep 2020 – Jan 2021

ABELSoft Inc. — Burlington, ON

- Contributed to dental practice management software in C# within a Scrum Agile team — daily stand-ups, sprint planning, and retrospectives
- Investigated and fixed bugs and authored unit tests to harden critical paths

EDUCATION

Software Development, Advanced Diploma — Mohawk College

Sep 2018 – Dec 2021

Hamilton, ON — GPA 87%

Google IT Support Professional Certificate — Coursera

Nov 2019

Coursework in Computers and Artificial Intelligence — Cairo University

Sep 2014 – Nov 2016

Cairo, Egypt

VOLUNTEER EXPERIENCE

- **Mohawk College Peer Mentor** (2019) — Supported new students through the transition into college life.
- **Cairo University Student Volunteer** (2015–2016) — Helped Syrian students with university registration and orientation.
- **Save The Children Foundation** (2017) — Distributed supplies and ran activities for ~1,000 Syrian refugee children.
